

AUDIT OF THIS THIRD-PARTY SUBMISSION UNDER 37 CFR § 1.290*U.S. Application No. 19/315,746 (Publication No. US 2026/0109053 A1)*

READY, SUBJECT TO THE DECISIONS BELOW. Every paper the rule requires is here. 4 items need a decision or a signature from you before filing.

Every requirement of 37 CFR 1.290 is listed below with the paragraph it comes from and whether the papers in this packet satisfy it. A submission that misses one of these may not be entered or considered: 1.290(a).

Rule	Requirement	Status	What it means here
1.290(b)	The submission window	you decide	The application's publication date is not known here, so the 1.290(b) window cannot be computed. Check it before filing.
1.290(c)	Made in writing	met	Every paper in this packet is a PDF.
1.290(d)(1)	A document list	met	10 items listed.
1.290(d)(2)	A concise description of the asserted relevance of each item	met	Every listed item has one.
1.290(d)(3)	A legible copy of each non-U.S. item	met	Attached for all 2 items that need one.
1.290(d)(4)	An English translation of any non-English item	met	Every listed item is in English.
1.290(d)(5)	The two statements by the submitting party	you decide	Both are on the document list paper and both are unsigned. They are made by the party, not by this tool: read them and adopt them in Patent Center.
1.290(e)	How each item must be identified	you decide	Doc 10 needs a first named inventor and a date
1.290(f)	The fee, or the exemption	you decide	10 items means 1 unit of the 1.17(o) fee, charged per ten items or fraction thereof. Pay it in Patent Center at the current rate.
MPEP 1134.01	The description states disclosure, it does not argue unpatentability	met	No argumentative or conclusory language found.
beyond the rule	Every quotation appears verbatim in the document it is attributed to	met	Every quotation in these papers was re-checked against the stored text of the document it is attributed to. 3 rows cited a passage that could not be found and were removed rather than filed as a bare assertion. Nothing here cites an unverified passage.
beyond the rule	Every listed item is prior art to this application on the dates	met	Every item qualifies on its dates.
1.290(i)	A certificate of mailing does not help	read this	1.8 does not apply to this deadline. The submission has to be RECEIVED by the Office inside the window, so file electronically and do not rely on a mailing date.
